

Silver Fern International School Policy

Policy Name 30/30 Lightning and Thunder Safety

Policy Number MP102.01

Effective Date 16/08/2017

Review Date 16/08/2019

Purpose The 30-30 lightning safety guideline in determining when it is safe for students to be outside.

- Policy**
1. The 30-30 lightning safety guideline specifies that a person be in a safe place when the time between the flash of lightning and the corresponding thunder is 30 seconds or less.
 2. That the person remains in that safe place for at least 30 minutes after the last flash or thunder.
